EDMONTON, ALBERTA, WEDNESDAY, JAN. 13, 1954

Progress Made This Year in Building of Standard, All-Weather District Roads

By T. W. PUE

COLINTON—A good start has been made this year in the plan to build a system of good, standard, all-weather district roads in the Municipal District of Athabasca.

The biggest road building program has just been finished with 22 miles of high-quality road work having been done. Not only was the program the biggest but it was the best in that a better class of road has been built.

I had the opportunity of driving along the old highway connecting Perryvale, Meanook, Colinton and Athabasca. I also drove along the road connecting Colinton with the new Provincial Highway to Athabasca.

I couldn't help but reflect on the big change that has taken place in the past few years. Not only is the new Provincial Highway a big improvement over the old road but since the latter has been handed over to the Municipal District it has been graded, gravelled and made into a Class 1 district road.

One big problem facing the council was how to fit the network of Municipal roads with the new highway system. There did exist a "rocky road to Dublin" trail up the sides of the valley from Colinton to Colinton corner on the new highway. This has been made into another first-class district road which gives residents the full benefit and use of both old and new provincial highways.

After all, neither of these main arteries would be much use if you couldn't get from one to the other!

But other sections of the Municipality are not being neglected. One good standard road is being built in each division, and that will be completed before another is started. In a few years the district will, with this system, have a network of quality, standard roads.

On Nov. 21, however, the work being done by eight "cats" was stopped for this season because funds had been exhausted. A total of \$123,000 was spent on work on roads and \$56,000 on new machinery. It is expected that the expenditure next year for new machinery can be substantially reduced, when only one new "cat" will be needed.

In addition to the 22 miles of

new grade built this year, about 50 miles of grade have been gravelled. In addition the 23-mile stretch of the old provincial highway, south from Athabasca has been re-ditched, graded and re-gravelled.

Reeve Aloisio stated that special recognition is due to the road foreman, Harold Wiltse and members of his crew who made such a good job of the work they had to do. These include Earl Baker, Albert Brauer, Raymond King, Jr., Jack Edwards and Raymond King, Sr., who did the staking-out on all roadways.

La la Biche

Keith McKenzie of the U of A was visiting his grandparents, the Hurbubises in their new home in Lac la Biche during the holidays.

Mrs. Velve Hurbubise has gone back home after a one-month stay in Lac la Biche, during which time she nursed her mother-in-law after her operation in St. Catherine's Hospital here.

Mrs. Ira McKenzie is visiting her son and family in Prince George, B.C., and other friends and relatives of her husband.

Lionel Hurbubise of Moose Jaw, Sask., was visiting his parents here around Christmas.

Floyd Dakin stopped for a few minutes at the Hurbubises' on Athabasca Avenue on New Year's day. His brother, Ross, accompanied him.

Car Accident Mars New Year's Holiday

GOURIN—Mr. G. Routhier, his mother, sister and brother, sister-in-law and nephew, Larry, motored out to St. Paul to spend New Year's day with their relatives. They spent a very enjoyable time, leaving Atmore at 9:30 New Year's Eve, arriving in St. Paul at the early hours of the morning. Not far from Boyle, Germain accidentally ran into a car, which was stopped in the middle of the road. Both cars were damaged pretty badly, but no one was seriously injured. Marcel suffered from a nose bleed. They came home very tired, but happy on Sunday.

Roads Drifting In; Use Snow Shovels

HELINA—The weather is starting off the New Year in a very cold way. The roads have been drifting badly and many people have to use shovels in order to get through. The people of the district are hoping the snow plow will come through soon.

Expect 25,000 Mink Pelts To Be Shipped From Lac la Biche This Season

By T. W. PUE

With a good market, and a good supply of pelts, the winter fur season got off to a good start last month with the beginning of the annual pelting of ranch mink.

Total expected shipments will likely be in the neighborhood of 25,000, about the same as last year.

GLIDING GOODIES. Candy Sticks, Lollipops and Ice Cream Sodas star in "Land of Lollipops," one of 10 varied production numbers and 20 starring acts featured in "Ice Cycles of 1954." An adaptation of the Broadway musical, "Brigadoon," will highlight the show, scheduled to play the Edmonton Gardens, Edmonton, January 25 to January 30.

Alberta Marketing Board Active On Farm And Industrial Problems

A grower wants an outlet for a crop of cranberries. An inventor wants information on patent rights. A foreign industrialist wants a sample of bituminous sand.

These are a few of the varied requests that might be filled any day by Alberta's marketing board set up by the provincial government to promote natural resources.

The board's activities include:

1. Promotion of industrial enterprises for the utilization of Alberta's natural resources;
2. Assistance to industries through mass buying of raw materials;
3. Making available at low prices machinery parts and other supplies essential to farm production;
4. Assistance in the distribution of the products of Alberta farms and industries and promoting Alberta-made goods.
5. Sponsoring, managing and assisting in operating industries to utilize the province's natural resources.

The aid to farmers was started during the depression years when government implement parts stores were opened in several communities.

As the economic situation improved, farmers were able to purchase more goods on the competitive market and the need for the stores decreased. Now the board operates only one parts store, the main warehouse and office in Edmonton.

During 1952 assistance was given to furnace manufacturers, automatic coal stokers, propane gas makers, and rock wool industries.

Steel, prefabricated buildings and pumps were imported for the oil industry, cement was acquired and distributed to manufacturers of cement blocks and concrete culverts. Raw wool was purchased and imported for processing in Alberta.

In addition to these major purchasing problems, the board was able to handle many individual requests. An inventor was directed to a source of titanium dioxide needed for research, a maker of propane gas heaters was supplied with necessary materials and radios were obtained for audio-visual education courses.

Plamondon

Phil Johnson purchased a new half-ton dark green Studebaker truck from Thorild dealers.

Frederick Plamondon has gone to work at Piven Mills, north of Wandering River. Oscar and George Duperron have also gone to the same camp.

Edmond St. Jean has moved back to Charron. He and his family have been living in Edmonton, where he was employed.

Joe Wazelanak's cat burned up during the night, shortly before Christmas. He has been brushing-cutting on Mrs. Donald Bosse's farm, north of town.

Miss Collette Dupre of Wandering River visited Dorothy Charbonneau during the past week.

There have been quite a few cases of measles and pink-eye in Plamondon and surrounding districts.

Mr. and Mrs. Dewey Plamondon have returned from their trip. While they were holidaying they decided to go to Calgary also.

Miss Yvonne Bosse is home visiting her parents, Mr. and Mrs. Joe Bosse. She is working in Edmonton.

There has been another heavy snow-fall to start the new year. The roads are now all practically impossible. Some school vans didn't get into town until noon.

Mr. Omer Duperon had the misfortune of bumping his car on New Year's Day.

Violet Seenum Weds Mr. Louie Cardinal

ST. PAUL—Louie Cardinal, son of Mr. and Mrs. Alex Cardinal of Kikino, was married to Violet Seenum, daughter of Mr. and Mrs. Ned Seenum of Whitefish Lake, Alberta, at St. Paul, Alberta, on December 28.

The bride wore a floor-length gown of white satin and matching floor-length veil. Miss Nancy Whitford of Whitefish Lake was maid of honor dressed in a floor-length gown of blue satin.

The groom was attended by Ralph Suvee of Kikino.

A supper was served at the home of Mr. and Mrs. F. Lightening at Kikino.

The wedding dance was held in the Gairdner Hall at Kikino, where a very large crowd attended and had a very enjoyable time.

Grassland

Christmas Day, according to the Greek Orthodox calendar, was celebrated by most of the Ukrainian residents Jan. 7 and there were many vacancies in the classrooms at Grassland school.

Mrs. Lillian McKenzie has returned from her visit to Prince George, B.C. Owing to the recent strike of lumber workers in the province, Prince George is now a ghost town, according to Mrs. McKenzie.

The Semeniuks spent Ukrainian Christmas with Mr. Semeniuk's brother Con, at Big Valley.

John Bracco, son of William Bracco of Grassland, has been chosen as one of the team representing the University of Alberta in their debate with the University of Saskatchewan at Saskatoon. Mr. Bracco will uphold the affirmative on the question "Is the Kinsey Report of benefit to society?"

Roads are badly drifted after the recent storm, although some of the most important ones have been cleared by the municipal snow plow, which has been working around the clock.

A recent article in the Edmonton Journal, complete with picture on the front page, described the difficulties of Mr. and Mrs. Edmonton in trying to persuade strangers that that is their real name. Mrs. Edmonton is a sister of Mrs. Lillian McKenzie of Grassland, and received most of her education here.

Mr. Dale Mellott is making a trip to Alberta Beach where he may purchase a new power plant for Grassland.

Kikino

Mr. George Donald, Mr. John Bellerose and Mr. and Mrs. Albert Bellerose and family, all of Edmonton, motored down to Kikino for Christmas.

Mr. and Mrs. Innis Gairdner and son motored to Edmonton for Christmas.

Mr. Edward Bellerose, who is employed at Two Hills, came home for the holidays.

Mr. and Mrs. Shortie Ladouceur and family of Edmonton were down for Christmas.

Mr. Wm. Rice of Cork, Alta., was up to his daughter's home, Mrs. Dan Calliou's for Christmas.

Mr. Tommy Ridsdale of Wolf Lake spent Christmas at the home of Mr. and Mrs. C. Thompson of Kikino.

Mr. Leonard Calliou was also home for Christmas with his folks.

Mr. and Mrs. Horace Makakis and family of Edmonton were down for Christmas.

AURORA THEATRE
Lac la Biche Alberta
PRESENTS
Wed. and Thurs., Jan. 14-15—

Alvine Schaub, Plamondon.
Annette Schaub, Plamondon.
Miss Christine Johnson, Avenir.

Plamondon

Mr. Narcise Menard had a big time at his place, January 6th, for friends and relatives. A pleasant time was enjoyed by everybody. Mr. and Mrs. Marcise Menard made a business trip to Edmonton recently.

Miss A. Schault spent the Christmas holidays with her folks. Mrs. Florida Menard's family and Mr. and Mrs. I. Gauthier's family went to Edmonton for New Year to Mr. Alfred Gauthier's, and everybody had a good time. They were all in Mr. William Gauthier's school van.

Charron

Mrs. Abraham St. Jean was a patient in the Lac la Biche hospital recently.

Miss Annette Ilnick is employed at the York Hotel in Lac la Biche.

Mr. and Mrs. McMillan and family spent their Christmas holidays at Charron.

Mr. Bill Holst was the lucky ticket holder of the Plamondon Christmas raffle and won a stainless steel cutlery set.

Joanne and Joyce Genoud are two new pupils coming to Charron school.

Mr. Halvor Apalsta is back from B.C. where he had been employed for the past few months.

WORTH STILL MORE IN '54 NEW FORD V-8 IS HERE!

Customline Fordor Sedan

See it! NOW ON DISPLAY!

STILL MORE POWER

for greater smoothness, more flexibility
and safety

NEW, MORE POWERFUL V-8 ENGINE
backed by over 20 years' experience
in building V-8's

STILL MORE STYLE

Even more beauty-leader models to
choose from in 3 great lines

STILL MORE DRIVING EASE

offering Power Steering* Power Brakes*
Fordomatic Drive* and a host of
other "worth-more" features

(*White sidewall tires, fender skirts, radio, Power Steering, Power Brakes and Fordomatic Drive optional at extra cost on certain models.)

It's HERE—the brilliant new 1954 Ford V-8... with exciting new style distinction... new, wider range of models... new V-8 power... new easy-driving features... to make Canada's "worth-more" car worth still more in '54.

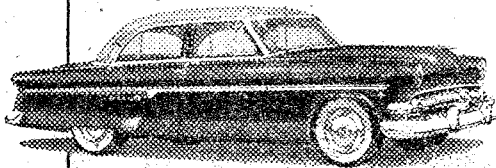

The new 120-Hp. V-8 engine in all Customline and Crestline models is the finest V-8 ever to power a Ford. It offers more power than ever before—and that means more smoothness, faster acceleration, greater safety and flexibility in all your driving! The famous 110-Hp. Strato-Star V-8 in all Mainline models, tested over millions of motoring-miles, combines smooth, dependable V-8 power with amazing fuel economy. Both engines are the products of over 20 years' experience in building V-8 engines...

more than all other manufacturers combined!

Ford sets the pace again in '54 with brilliant new beauty of styling, inside and out. The completely new Crestline Skyliner, with its top of transparent Plexiglas, and the new high-fashion Crestline Sedan, interpret the latest innovations of modern motoring.

Ford for '54 offers "Master-Guide" Power Steering*, Power Brakes* and, of course, fully automatic Fordomatic* Drive to make all driving easy and effortless. Ford's deep-down riding comfort rivals that of far more costly cars.

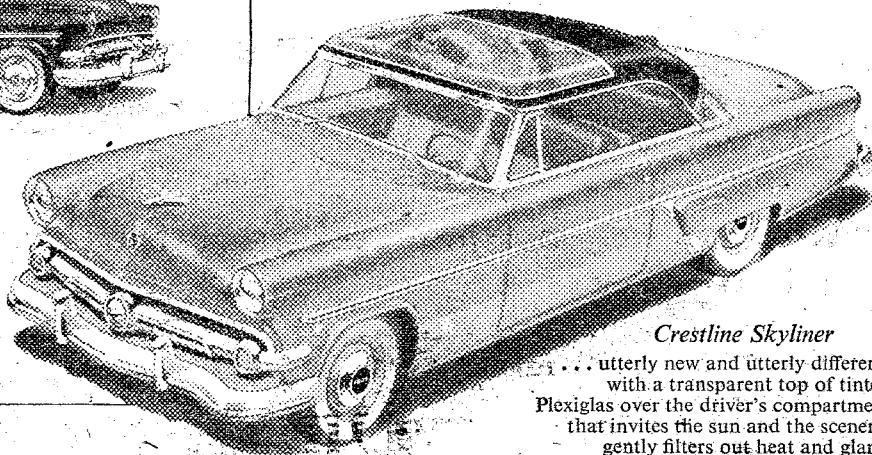

Your Ford Dealer invites you to test-drive the new '54 Ford now. See for yourself why Ford V-8 is worth still more in '54.

Crestline Sedan

... the all-new style-leader in its field whose luxurious appointments will make it perfectly at home in the smartest circles!

PRESENTING 2 THRILLING NEW Crestline MODELS

Crestline Skyliner

... utterly new and utterly different, with a transparent top of tinted Plexiglas over the driver's compartment that invites the sun and the scenery, gently filters out heat and glare!

YOUR FORD DEALER INVITES YOU... **COME IN! ARRANGE A TEST-DRIVE!**

Oppose Farm Storage

George McIvor, chief commissioner of the Canadian Wheat Board, told the recent Alberta Wheat Pool convention that he was opposed to any payment for farm storage of grain. He said any money so paid would have to come out of the returns from farmers for their grain. Some farmers have large stocks of grain on their farms and are not particularly interested in immediate delivery. If farm storage payment was in effect those farmers would have to be paid as well as the small farmer who is anxious to market his grain.

Saving Seed

Are we wasting good seed? There is a suggestion that wheat in central Alberta might be sown at somewhat lower rates than usual.

A. D. McFadden, Cerealist at the Lacombe Experimental Station, has been studying rates of spring wheat seeding and their effect on yield. Saunders and Thatcher were two of the varieties used. They were sown at rates varying from less than 1/2 bushel to almost 2 bushels per acre. The crops from the lighter sowings took longer to mature, were more resistant to lodging and were generally taller than when heavier rates were used.

Important, however, is the seed-saving angle indicated. The tests were started in 1949 and are continuing. While results are not yet conclusive, the trend appears quite marked and worth noting at this stage.

Trials over the four years 1949-52 show most satisfactory returns from Saunders sown at 50 lb. and Thatcher at 46 lb. per acre, Mr. McFadden advises. The higher seeding rate for Saunders is related to its somewhat larger kernel.

Here is the four-year average of seeding rates (lb.) and yields in bushels per acre (bu.) of these two varieties. Saunders 24 lb., 37 bu.; 50 lb., 49 bu., 74 lbs, 45.7 bu.; 99 lb., 47 bu.; Thatcher 23 lb., 37.8 bu.; 46 lb., 49 bu.; 69 lb. 50.3 bu.; 92 lb. 47.7 bu.

Summerfallow was used for these tests, and hand weeding prevented competition from weeds. For best results from reduced rate of seeding, weed-free seed of high germination is required. Clean land is desirable too; and the saving on seed might well be considered partial return of the cost of chemical or other weed control.

New Life at 95

At 95, Henry Kincaid, also known as Son Sturgeon, is starting out on a new life. The elderly Kincaid has just completed serving a lengthy prison sentence in West Virginia.

He was said to have been the oldest prisoner in the country and still maintains that he is innocent of the crime charged against him. He says the only man who could back up his plea of innocence died shortly after the night of a slaying attributed to him.

Kincaid said, upon his release from the State Penitentiary in West Virginia, that he was heading somewhere down South to enjoy his remaining years. He has been drawing a Government pension during all his years in prison and is, therefore, in a position to enjoy the coming years.

This story should be heartening to elderly prisoners serving sentences, who feel that life holds little for them at their ages. The story should also be encouraging to those who believe life can begin at 95, as well as at 40.

Note and Comment

The average daily farm wage in Canada last August was \$5.50 with board and \$6.80 without board. On the monthly basis the figures were \$107 and \$140, respectively. In Alberta the daily figures were \$6.50 and \$8.10 and on a monthly basis wages averaged \$122 with board and \$156 when board was not provided.

The most effective time to treat Canada thistle with 2,4-D is in the bud stage. On fallow one pound of free 2,4-D acid per acre in ten gallons of water is recommended.

New European Army

Ten years ago the great French army was immobilized and prostrate at the heels of the victorious German Nazi hordes that had swept all force in Western Europe before it in its bloody and merciless march of conquest. When the might of non-European forces had set free the French and resurrected their fighting men from German slave camps the people of France vowed never again to permit Germany to create another army that might threaten them.

But last month the French parliament reluctantly agreed to raising of a German armed force to join the Canadian, British, French and American forces already organized in defence of all Europe against a new danger—the Russian communists.

So the great combined European army goes slowly but steadily forward in preparing defence against a possible Russian onslaught from the east. The forces of Freedom are on the move again. And included in the new Army will be young men from Western Europe who will be expected to mobilize, not for invasion and conquest as did their elder brothers in 1939, but in defence of freedom.

Money And Bush Pilots

What should be some kind of record for earnings on an aerial flight might have been set by two bush pilots from Quebec, recently. Paul LaPointe and Bill Attwater were flying from Goose Bay, Labrador, to Mont Joli, Quebec, and noted that their plane's compass behaved in a highly agitated fashion.

Because the compass reacted vigorously, the two pilots some time later rented a seaplane and flew out to the spot to investigate. The seaplane allowed them to land at a spot about 400 miles east of Quebec City, and they picked up some samples of what they hoped would be valuable ore.

After the sample was investigated, and the two pilots had obtained rights, they found that the area contained a heavy concentration of iron ore. The Iron Ore Company of Canada became interested and finally offered the two men more than \$1,000,000 for their claims. The pilots accepted and will get their money over a period of years.

All of which seems to prove that the problem of making money involves a considerable amount of luck. To bush pilots the lesson is obvious and we assume that those who have heard about the experience of La Pointe and Attwater will be watching their compasses fairly consistently in the future.

Where's The Tragedy?

From the Camrose Canadian

Henry Young, president of the Farmers' Union of Alberta, and his counterpart, Mr. Phelps, in Saskatchewan, have been trying to rouse up the nation and the nation's law makers to the tragedy of the wheat surplus. We have held our own ideas on the subject, and they are very definite . . . the wheat surplus may be an inconvenience, but certainly no tragedy. The tragedy would be apparent should there be that great a shortage of wheat.

We have made quiet inquiries among local farmers and almost to a man they shrug off the whole situation. One man went so far as to say that any farmer who had operated in this district for the past six or seven years and couldn't finance himself through this crisis shouldn't be in the industry anyway.

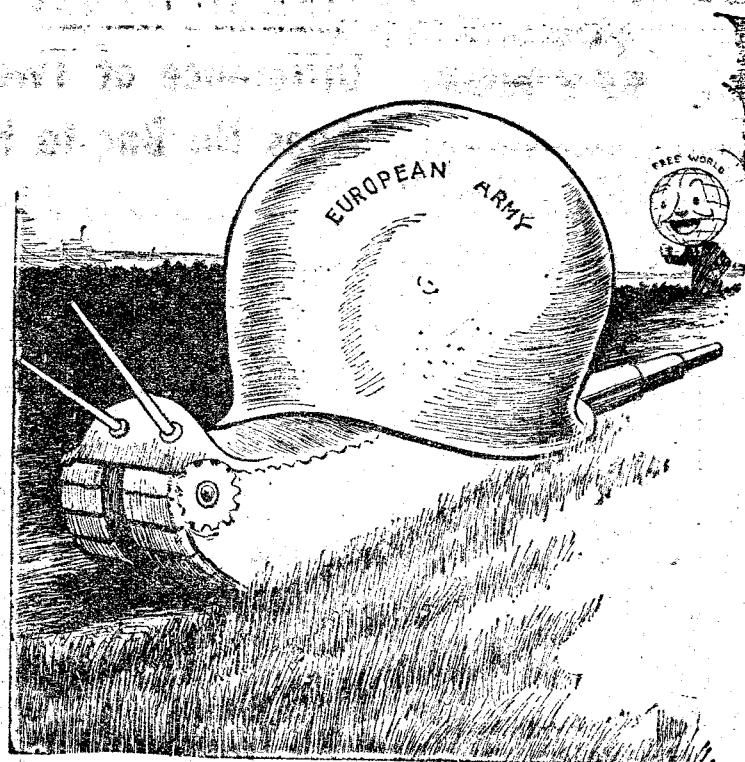

The banks claim that there are less than two per cent of the farmers in this area that are actually squeezed by the marketing situation. Bank officials from the eastern head offices have made hurried inspection trips to the west to survey the situation and they have been mystified over the hue and cry, for the banks are ready and willing to carry the load.

Hon. C. D. Howe has told the House of Commons that Canada's wheat marketing problem is being handled tactfully and exports are now moving at almost a normal rate.

What is the object of this pounding of the drums?

Bible Today

Be strong and of good courage, fear not, nor be afraid of them; for the Lord thy God, he it is that doth go with thee; he will not fail thee, nor forsake thee. — Deuteronomy xxxii, 6.

Voice Of The People

Readers are invited to make free expression of opinion on any subject. Letters should be short and concise. The Editor reserves the right to condense or reject any letter.

DOES GOD ENJOY CHRISTMAS?

Once again the festive season has come and gone, a time of much activity as professing Christians observed the birth of Christ. There has been the usual exchange of gifts and greetings and much merry-making. Great joy and happiness was exhibited by all sharing in the occasion. But we may ask "Does God, too, enjoy Christmas?"

Does God favor the observance of a date because it happens to be a birthday? His Holy Bible informs us of only two birthdays, both celebrated by pagans and both marred by murder. Would God rejoice to see his holy day observed by excessive indulgence in food and drink? Drunkenness and gulltoney are condemned by the Scriptures.

Does God approve of the sudden display of love as expressed by the exchange of gifts, while the rest of the year is spent in selfishness and envy? Is this true love or only pretentious? Are the traditions: the Christmas tree, Yule log, hanging stockings, traditional foods in harmony with God's pure worship? Jesus emphatically denounced the observance of traditions and customs.

Now what about St. Nicholas, alias Santa Claus, does God, too, delight in this fictitious imposter, pagan god, one whom millions of children are led to idolize? According to the Bible idolatry is wicked and all lies originate with the Devil.

Would God delight and have joy in Satan if Satan were called by a Christian name? Hardly! Doubtless then does God enjoy Christmas which originates with paganism, is observed with century old customs, is practised with imitation love, which promote idolatry and then is camouflaged with a Christian name.

To bring joy to Jehovah God one must worship Him in spirit and in truth every day of the year. (John 4:23). True worship is never old-fashioned and God will not streamline it with traditions to suit the fancy of this modern world. According to Rev. 7:9-17 there are people now who are worshipping God in a manner that brings joy to Him. As for those doing so, God himself identifies them in Isaiah 43:10.

POOR TORONTO!

A great deal of comment has been occasioned by legislation passed in Ottawa designed to forward the building of an all-Canada natural gas pipeline.

As a resident of Toronto it occurs to me that a strange situation exists:

As far back as anyone can remember, Toronto has been pictured in other parts of Canada as a community seeking always selfishly to take from the rest of the country all it could lay its hands on.

And the rest of Canada was pictured by detractors of Toronto as poor, downtrodden and financially oppressed.

In the matter of natural gas, it seems the roles are now reversed.

It has become evident that Alberta gas cannot reach Toronto by an all-Canada pipeline at prices that will make it saleable unless it is substantially helped by subsidies or tax concessions—at a cost to all Canadian taxpayers.

However, under a Toronto plan to bring natural gas to the city from the Niagara Frontier, only the distributing company would bear the cost of the pipeline.

The all-Canada proposal would make Toronto the recipient of help from all parts of Canada and Toronto gas users would be helped in paying their gas bills by Canadians from the Yukon to Newfoundland.

Toronto gas users, perhaps selfishly, want gas as soon and as cheaply as they can get it. Many of them feel, as I do, that in this case we don't have to be traditional "Hogtowners."

If we are allowed to we can get cheaper gas more quickly without the reluctant help of the rest of Canada.

LETTER TO LOUISA

Difference of Twelve Years in Ages No Bar to Happy Marriage

Dear Louisa:

I am a girl of 20 and I am very fond of a man of 32. He likes me very much but he lets his age stand between us and getting married.

He has a crippled arm. That doesn't make any difference to me but it does to him. I want your advice.

WAITING.

Answer:

If you are congenial, the difference in age is not enough to matter. He is making a mistake to let his pride keep him from marrying you if that has anything to do with his decision.

A person who really loves another doesn't care whether the loved one has some physical disability or not.

Of course, if a person has active tuberculosis or some other ailment that would keep him from being a real helpmate, a girl must think a long time before accepting him as a husband regardless of how much she loves him. She would have to think of the future and the welfare of her children. But when a person has a crippled arm, it shouldn't keep him from making a living and caring for his family, financially. It is silly to let pride stand in the way of his living a normal life.

LOUISA.

Dear Louisa:

You have helped so many—hope you can help me.

I'm seventeen—I've been sick all my life as I have asthma. Because of this, I've never had fun like other girls.

I've been dating a man lately and he says he loves me more

than anything. There is a difference in our ages of thirteen years. He is thinking of marriage but I do not love him.

I have a chance to go to another province and spend the winter. I'd like to take the trip very much. Do you think I should marry this man and perhaps learn to love him later on?

H.

Answer:

By all means take the trip and when you get away you will find out whether you love this man or not.

You are really too young to get married and most certainly so unless you love some one so much that you feel you can't live without them.

As for having asthma—I have had it ever since I was a child and nothing did me very much good until three years ago I got an Astha-Nefrin Vaporizer and I

haven't had a bad attack since. I hesitate to name the vaporizer because I don't like to give any free advertising in my column but asthma is such a terrible thing that I feel that anyone who needs help should get it.

Some drug stores will let you have one of these for a ten days trial and I advise you to get it if you possibly can. You could get your doctor to look at it but a number of my friends have used it and would not do without it.

If you get relief from asthma and take this trip, you are young enough to have some fun before you settle down.

LOUISA.

Address your letters to: Louisa, P.O. Box 4430, South Edmonton.

A New Excuse

JACKSON, Miss.—When two policemen found Willie Jones, 42, hiding in a stairwell of a store they asked Willie why he had broken in. The man told them: "I'm in trouble with the Government because of income tax and I was trying to get some money to pay it off".

Edmonton Mid-Winter Ice Show Has Entertainment For Youngsters All Ages

Something for everyone—a show to please children and their parents and grandparents alike—has been Producer John Harris' guide in concocting the figure skating spectacle, Ice Cycles of 1954, scheduled to play the Edmonton Gardens, Edmonton, on Jan. 25 to 30.

For sheer enjoyment, there's the ice show's condensed version of "Brigadoon", top Broadway production of the musical team, Lerner and Loewe. Set in the Highlands of Scotland, "Brigadoon" tells the charming story of a kindly old minister who fears his people are straying from the teachings of the Bible.

Olympic free style skating champion Ginny Baxter heads the cast which includes Jimmy Lawrence, Don Bearson, Leo Loeb, British champion Marjorie Taylor, and Jane Kirby, former Canadian singles and doubles champion. All the clan tartans are featured in the thrilling costumes and original ice settings.

For a mouth-watering treat, the children will enjoy the antics

of giant ice cream sodas and candy sticks in the "Land of the Lollipops" number. Comedy teams, Setta and Labrecque and Bauer, Knapp and Larue will be featured in the many novel acts.

Olympic and world champions—Ginny Baxter, Jimmy Lawrence, Jane Kirby, Ronnie Baker, Marjorie Taylor, John Lettengarver, Shirley Winter and Don Bearson—all are in the cast to thrill and delight the most avid figure skating fan.

EDMONTON GARDENS

Spruce Valley

Miss Elsie Koltowski and Mr. John Shymoniak were home from Edmonton for the Christmas holidays.

Mr. Ted Shymoniak, who is taking an agricultural course in Vermilion, spent his Christmas holidays with his parents, Mr. and Mrs. Joe Shymoniak.

The Spruce Valley school children, under the supervision of Mrs. K. Lewick, had a Christmas party in their school on Wednesday, December 23rd. Ten pounds of Christmas candies were raffled, and Mrs. Emil Zilinski was the lucky winner.

Mr. and Mrs. Harry Ryl and Mr. and Mrs. Joe Ryl celebrated Christmas day with Mr. and Mrs.

Joe Obertowich in Edmonton.

Miss Olga Strumielak, who is supervising at Frairs, was home for Christmas.

Mr. Nick Zilinski is ill in the Athabasca Hospital, and is wished a speedy recovery.

Civil Servants Pension Plan Expanded Here

EDMONTON (BUP) — About 6,000 "temporary" civil servants in Alberta have been brought under the government's pension plan, boosting the number of government workers under the plan to 12,000.

Coverage for the temporary workers—those who have not served long enough to be classified as permanent employees—was provided through amendments to the Public Service Superannuation Act, announced recently in Ottawa.

Under the plan, retiring civil servants drew a pension equivalent to seven-tenths of their highest average salary during a 10-year period, providing they pay into the fund for 35 years. Smaller payments result in lower pensions. The temporary workers were brought into the plan as of Jan. 2.

Caslan

Mr. and Mrs. J. Kuratuis and daughter Olga returned home last week.

Mr. O. Woodworth is back after being in Lac la Biche for medical attention.

Mrs. F. Krueger and sons Vernon and Allan were in Edmonton recently to attend the marriage of her daughter Iris.

Mr. Krawchuk has done some snow plowing on the main road.

Mr. George Waselenchuk was a recent visitor in Lac la Biche.

Mrs. Bulmer went to Hylo, where she plans opening a cafe.

Mr. Pat Gordon went out to visit friends over the holidays.

Freedom

Sympathy goes to the family of Dr. Woodman of Westlock who passed away on New Year's Day.

Mrs. Louise Anderson who has been employed in a hospital at Grande Rapids, Mich., is now working in St. Joseph's Hospital in Barrhead, Alberta.

Mr. and Mrs. Walter Rezac of Cold Lake spent Christmas with Walter's parents, Mr. and Mrs. J. Rezac of Freedom.

Mr. Sanford Carlson, who is

now employed at Halkirk, spent the holidays with his parents at Freedom.

Mr. and Mrs. John Meyer and family of Amesbury, spent Christmas with relatives at Freedom and Clyde. From Freedom they motored to Edmonton, where Marlene had dental work done.

Mr. and Mrs. Joe Smith Jr. went back to the bush after spending Christmas with relatives.

Lac la Biche Mission

For midnight services and Christmas Eve celebrations the church was beautifully decorated. The choirs sang in French, English and Cree. Rev. Brother Lacroix directed the choirs. Rev. Father Levert gave the sermons in three languages, and he officiated at mass. People from all over were present. After mass the parishioners wished each other Merry Christmas.

On New Year's Day mass and services were held at which there were numerous visitors.

Winter seems to be here for good and there is lots of snow. Louis Tardiff opened the highway with his grader and it is expected the snow plow will soon be along.

Mrs. Josephine Boucher was hostess at a New Year's dinner for her family and friends. She is 86 years old.

Mrs. Yvonne Routhier and her family went to St. Paul to visit her dad and mother.

The school children are back to the convent. They enjoyed their holiday.

Mr. Lucien Bourget was here for Christmas Day. He will stay with his family for awhile.

Mr. Adrian Thomas of Edmonton was here for his holiday visiting relations.

Albert Gerard of Edmonton was visiting the Tardif family on New Year's Day.

Alfred Tardif of Bonnyville was here with his family to visit relations.

Mr. Henry Beaudoin of Vimy was here for the holiday. He visited Mrs. J. Tardif and his brother, Alfred Beaudoin.

Mr. and Mrs. P. Debrenski of Normandeau were here on New Year's Day with their children

visiting Mr. and Mrs. E. Cloutier. Mr. and Mrs. Alex Plamondon and children were here on New Year's Day visiting Mr. Alfred Beaudoin and Mrs. J. L. Tardif. Mr. and Mrs. Hervé Marchildon and Mr. and Mrs. Willie Tardif were visiting their uncle, Alfred Beaudoin.

Eugene Routhier from Gourin and family were here for the holiday.

Mr. and Mrs. Fernand Cloutier and children from Edmonton were here for their holiday visiting their relations.

Mr. and Mrs. Hilaire Ladouceur are proud of their baby boy, born recently.

Mr. and Mrs. George Ladouceur

are the happy parents of a son, born on January 1 at the General Hospital at Edmonton.

Miss Maria Boucher is working for George Ladouceur.

Colinton Girl In Plane Crash At Vancouver

Vera Staniford, who is stationed with the RCAF, WD, at the west coast, was a passenger on the North Star TCA plane which crashed at Vancouver recently.

Vera received bruises and suffered shock from the crash, but was allowed to continue her journey for the holidays, three days later.

\$1 for Favorite RECIPE

CINNAMON CRUNCHES

1 cup sifted flour
 1/4 teaspoon salt
 1/4 teaspoon cinnamon
 1/3 cup lard
 1/2 cup sugar
 1 egg yoke
 2 tbs. milk
 1/4 teaspoon vanilla

Sift together flour, salt and cinnamon; cream lard; add sugar gradually and cream well. Blend in egg yoke, milk and vanilla. Add dry ingredients gradually and mix well. Spread mixture in ungreased pan. Beat egg white slightly and spread over surface.

Topping: 2 tbs. sugar, 1/4 tsp. cinnamon, 1/4 cup chopped nuts. Combine sugar, cinnamon and nuts. Sprinkle evenly over top. Bake in moderate oven (350 deg. F) for 30 minutes. Cut while still warm into bars 1 1/2 ins. square.

Ann Konopka was the recipient of a \$1.00 check for sending us this Favorite Recipe from Meadowview, Alberta.

WALNUT MAPLE CAKE

1 cup brown sugar
 1/3 cup shortening
 2 eggs
 1/2 cup milk
 1 1/3 cups flour
 2 tsp. baking powder
 1/4 tsp. salt
 1 tsp. vanilla
 1 cup chopped Diamond Walnut kernels.

Cream sugar and shortening; add well beaten egg yolks and the milk. Add flour that has been sifted twice, adding the baking powder before the second sifting. Then add the vanilla, salt and nuts. Lastly add the whites of eggs, beaten stiff. Bake in tube cake pans.

Adrienne Dumesnil, who lives at McLennan, Alta., received \$1.00 for this Favorite Recipe. The editor will pay \$1.00 for each favorite recipe chosen and published in this section. Address: P.O. Box 4439, South Edmonton, Alta.

THE LIGHTER SIDE

And They Need Dough

Old Gentleman — I hear that your big brother is going to be a baker.

Tommy — Yes, but father's afraid he'll become lazy.

Old Gentleman — Oh, why?

Tommy — Because all bakers are loafers.

Happy Landing

NF — You should have seen the fish I caught last week. It was so big it pulled me into the river.

Second — Got a good wetting, I suppose?

First — Oh, no; thank goodness, I landed right on top of the fish.

Puzzle

Inquiring Son — Father, may I ask one more question?

Patient Father — Yes, my son, just one more.

Son — Well, then, father, how is it that while night falls, day breaks?

No Reply

A man bought a parrot and tried to teach it to talk. Going over to the bird he repeated for several minutes the words, "Hello, hello."

At the end of the lesson, the parrot opened one eye and answered, drowsily, "Line's busy."

Mental "Blackout"

Blowfoot — I always say what I think.

Zimpir — I wondered why you were always so quiet.

Emergency Call

Meek Voice — Doctor, this is Mr. Henpeck. My wife has just dislocated her jaw. If you're out this way next week or the week after, you might drop in.

Not If They're Good 'Uns

"You've been convicted fourteen times of this offence—aren't you ashamed to own to that?"

"No, your worship, I don't think one ought to be ashamed of his convictions."

So He'll Try Again

A blond flapper called at the hospital the day after the accident.

"I want to see the young man who was injured in the auto wreck last night."

"Are you the girl who was with him?" asked the nurse.

"Yes," was the reply, "and I thought it was only right to come and give him the kiss he was trying for."

You Can't Kill 'Em

When I was a freshman, I was given up as hopeless by five doctors.

"What did they give you up for?"

"For not paying my bills."

Oil Worker Killed At Well

DRUMHELLER — William Gear, 27, an oil well worker, was crushed to death in an oil-drilling accident 14 miles west of Drumheller early Thursday of last week.

Gear, an employee of the Double A Drilling Co., was working as a "floor hand" at an oil well in the west Drumheller field when the fatal accident occurred about 7 a.m. As a "floor hand," Gear was working at the base of an oil derrick when he apparently became entangled in a moving chain and was crushed against the drill stem.

A preliminary inquest opened that afternoon in Drumheller for identification purposes then was adjourned indefinitely.

Gear was living in Drumheller at the time of his death. His parents reside in Regina.

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moments of My Life." To qualify items must be true personal incidents. Address: "Embarrassing Moments," P.O. Box 4430, South Edmonton.

Carrying several ties, a woman came into my cleaning store, asking if we could clean them well. I told her that they would come out spotless. "Well," said she icily, "you're not a very good example for clean ties. Yours is full of spots!" — E. E.

On the way to school I met the cattle buyer, and he asked me if dad was still interested in selling the steers. I said I would ask him. When I returned from school I came barging into the kitchen and said: "That old buyer was asking about our steers." When no one answered, I went into the living room, and to my surprise there was the buyer sitting with a red face. But I think mine was a little redder.

DEVON POOL HALL

Devon, Alberta

Announcement Made Boyle To Become Village

On Jan. 5th it was announced that Boyle would be incorporated as a village. Boyle is about 80 miles north-east of Edmonton.

A nominating meeting will be held on Jan. 25th and on Feb 8th an election will take place. At this meeting a council will be elected and the first council meeting will be held on Feb. 15th, 1954.

Noral

Mr. and Mrs. Pete Kotch and family of Thorhild have taken up residence at Noral, where Mr. Kotch is employed on the railroad. Patricia Kotch is attending Noral School.

Miss Mary Duchnych of Athabasca and Mr. Mike Duchnych of Edmonton visited their parents, Mr. and Mrs. Steve Duchnych during the holidays.

Visitors at the Hansen home during the holidays were Miss L. Hansen of Edmonton and Harry and Victor Hansen of Lethbridge.

Noral School received a much needed repair and paint job during the holidays.

Mr. Ray Henson and Miss Hilda Wentzel are home from Vancouver. Mr. Freddie Henson, who

was also home, returned to Edmonton by his mother, Mrs. Cliff Henson.

Miss Dorothy Walter returned to Noral on Sunday after spending the holidays with her family at Red Deer.

Graduates After 22 Years

BREWER, MAINE — Avery D. Olmstead will receive his high school diploma — just 22 years late — when and if he hands in a book report he should have handed in in 1931. Records show that Olmstead, who will be 40 on Christmas day, completed all other graduation requirements, except the book report.

The NCAA head asks for reform or abolition of football.

Rev. Crisfield And Bride Are Honored At Party

COLINTON — Guests of honor at a surprise party in the Parish Hall last Thursday evening were Rev. Crisfield and his bride, the former Beth Wilkinson of Calgary. The happy couple entered the hall which was appropriately decorated with white streamers and bells, to the strains of "Here Comes the Bride." Lively entertainment by way of parlor games and competitions made a very enjoyable evening. Lunch was served by the ladies. Archdeacon and Mrs. Humphries accompanied Rev. and Mrs. Crisfield at the bride's table which was attractively laid with a white cut-work cloth and centred with a three-tiered cake. With a few well-chosen words, Ray Lewis, on behalf of

the congregation, presented the happy couple with a tri-light and a purse of money.

Gourin

Mr. and Mrs. Arthur Boulanger went to Amesbury to spend New Year's day with Mrs. Boulanger's relatives.

Mrs. Omer Poulin and children came back to Atmore on Sunday.

STOP and EAT at the HOTEL CAFE

Utilities Company Completes Big Development Plan

EDMONTON (BUP) — General Manager D. K. Yorath of Northwestern Utilities Ltd. has announced details of the company's \$4,500,000 capital program highlighted by construction of new natural gas pipelines.

Major portion of the development was devoted to the construction of field and transmission pipe lines to tie-in additional reserves of natural gas to the existing system.

Forty-nine miles of field and transmission lines were laid connecting the Legal, Lost Point Lake and Fort Saskatchewan fields to the company's main east-west transmission line from the Viking-Kinsella field to Edmonton. The line was tied into the main system with completion of a 16-inch river crossing across the North Saskatchewan.

In November, Northwestern Utilities acquired the property of Franco Public Service Ltd. at Vermilion. The system's 666 customers were tied in with the Kinsella gas field.

Yorath said that "the company experienced substantial growth in the number of new customers served during the year." Preliminary figures indicated 5,200 customers were added during the year, increasing the total to over 55,000.

Boyle

Miss Rosie Szpital spent the holiday season at her home in Newbrook.

Mr. and Mrs. W. Lukowesky spent New Year's in Edmonton visiting friends and relatives.

Mr. and Mrs. R. Kimbalt of Pangman, Sask., spent Christmas with Mrs. Kimbalt's father, Mr. Chomlak.

Mr. and Mrs. P. Andruski spent

the holiday season visiting friends and relations in Willingdon and Galahad.

The people of Boyle were happy to hear of the incorporating of Boyle into a village on January 5. The New Year's dance was attended by a large crowd, many being out of town people visiting here.

A dance was held in the community hall on January 7 with Peter Dunn supplying the music. A small crowd attended.

New Standard in all-round usefulness

The Allis-Chalmers Rear-Engine Model G does all the usual field jobs . . . plus many others that regular farm tractors are not designed for. Here's truly a new standard in usefulness.

Look at these features: Engine in the rear; more weight on drive wheels for better traction. All implements front-mounted, clearly in view of operator. Large assortment of quick-hitch implements to choose from.

In addition to general work, the creeper gear and tools-in-front design make the Model G ideal for truck crops, strawberries, and all types of farming where power tools must work with the precision and skill of a hand hoe.

We'll be glad to demonstrate.
